DEPARTMENT OF BOTANY

**BASIC INFORMATION ABOUT PRIMITIVE PLANTS GIVEN TO SCHOOL
CHILDREN OF SANDUR, 2017-18**

REPORT: - As a part of best practice, the faculty members of Botany department organized an informative session on 27-01-2018 to the school students of Government primary school, Sandur demonstrating various aspects of Botany.

Ms Uma Devi (lecturer) explained in simple words regarding botany study and its further importance in various multidisciplinary aspects. Detailed explanation was made on primitive plants. Dr K Premalatha (H.O.D Botany) shared her valuable knowledge of research with the students in simple ways.

Students were given an opportunity to handle and observe slides of different specimens under microscope. Basic Plant cell structure, forms of tissues, anatomic slides, embryology sections were been observed by the students. Different bottled specimens of primitive non-flowering plants and specimens with various morphological adaptations were arranged at the lab for observation. 40 school students were benefitted from this session.
