DEPARTMENT OF BOTANY

2021-2022

CERTIFICATE COURSE – MUSHROOM CULTURE

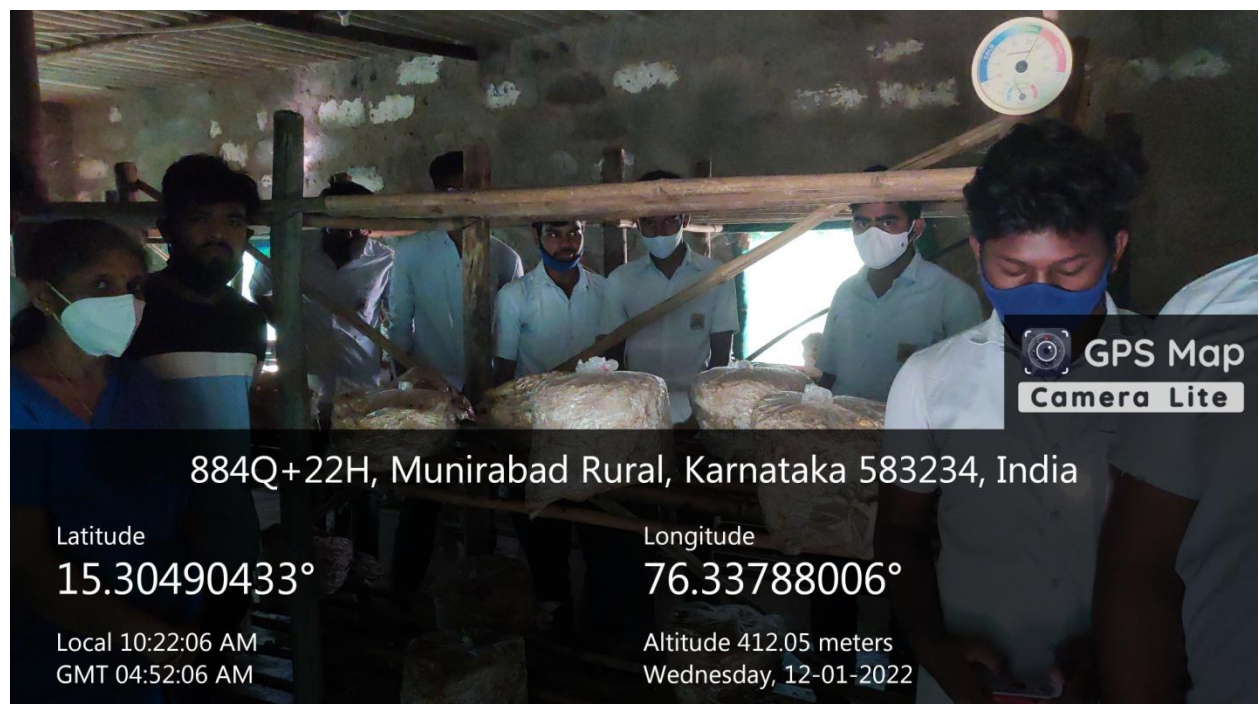

Botany department is providing certificate course on “MUSHROOM CULTURE” for life science students. As per the curriculum, theory classes have been conducted in our college every Saturday, whereas practical sessions were undertaken at a mushroom culture plant (Nagu Mushroom Plant) due to lack of lab facilities at the college.

Certificate Course outcome

At the end of the course, the students will be able to;

- Understand prospects of Mushroom cultivation and gain knowledge of cultivation of different types of edible mushroom.
- Identify climatic requirement of mushroom cultivation.
- Understand the requirement of composting for mushroom cultivation and different methods of composting.
- Gain knowledge of diseases and pests affecting mushroom and their control in mushroom cultivation.
- Work out the economics of mushroom cultivation.

CERTIFICATE PROVIDED TO STUDENTS ON SUCCESSFUL COMPLETION OF THE COURSE
