Department of ELECTRONICS

Visit : Visiting ISRO Bangalore and HAL museum.

Visited of ISRO and HAL museum Bangalore with our respected staff members K.M. Karibasaiah sir (HOD of electronics) and Dr. S. Jagannath sir from 05-10-2018 to 06-10-2018. To know about the information of satellite communication and satellite launching technology.

And that time we saw the on going project CHANDRAYANA -2 (vikram lander). The scientist explained about vikram lander and it construction.

Along with this we visited HAL museum and we saw the various kind of army helicopter. This is all about our visit in Bangalore.

This visit is so help full our study purpose.
