

Bellary V.V. SANGHA'S

VIJAYANAGAR COLLEGE, HOSAPETE.

Department of PG Studies and Research in Chemistry

Report of Dr. Sampath Kumar Lecture

As a part of our curriculum for this academic year, our department invited Dr. Sampath Kumar, Principal Senior Scientist, Vaccine Immunology Laboratory, Indian Institute of Chemical Technology, Hyderabad as a chief guest to deliver lecture on "Science as career option - building better world" and "Natural products and drug discovery" for UG and PG students on 21.09.19.

In the morning session, Dr. Sampath Kumar delivered lecture on a topic "Science as career option - building better world". Our college principal Dr. V.S. Prabhaiah was the president of the function. Head of chemistry department and Coordinator of Post graduate department of chemistry, other faculty members from the same and other department were present. All the PG & UG students were participated enthusiastically. All the students were inspired by attending the very innovative and informative lecture.

In the afternoon session, Dr. Sampath Kumar delivered a very useful lecture on topic "Natural products and drug discovery". Our M.Sc. Chemistry

students interacted actively with the Scientist and got information about synthesis, challenges, clinical trials and career opportunities of drug discovery.
