

SWOT Analysis

STRENGTHS

- Department established in 1964. It is 56 years well established department with well equipped Laboratories with dark room facilities.
- Two Faculty members are Ph.D. holders and two faculty members are M.Phil degree holders.
- Faculty members are life members of the academic bodies IAPT and ISC and are participating in the annual conventions. High representation of the faculty in revision workshops of the discipline organized by the University in every three years.

WEAKNESSES

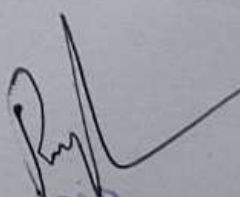

- Every year Permanent faculties are retiring and those posts are not filled by the Govt. on permanent basis.
- The strength of students increasing and the teacher-students ratio decreasing.

OPPORTUNITIES

- Strengthening alumni network and interactions for funding, placements and guidance to existing students.
- The students of the department can pursue their master's degree in the same College. The College offers M.Sc., Degree in Physics, Chemistry and Computer Science

CHALLENGES (THREATS)

- Increase of student strength and decrease of permanent faculty throws the threat for quality of Education. Majority students hail from socio-economic background and some first generation learners.
