Department Activities Report

Seminar

Seminars are regularly organized to students, which is considered as a part of academic learning activity. Students gain confidence and grip over the topic. By this culture, we can inculcate self – confidence and Stage presentation ability among students. They learn how to tackle stage fear and hinderance. Power point presentation and traditional chalk and talk method is efficient to convey the topic to the audience. One more advantage of seminar which is in high importance to be quoted is, it allows other students to understand topic, as they all are at same level of thinking and perceiving knowledge – As Dr A P J Abdul Kalam Ji quoted *“One best book is equal to hundred good friends but One good friend is equal to a library”*
