

Bellary V V Sangha's

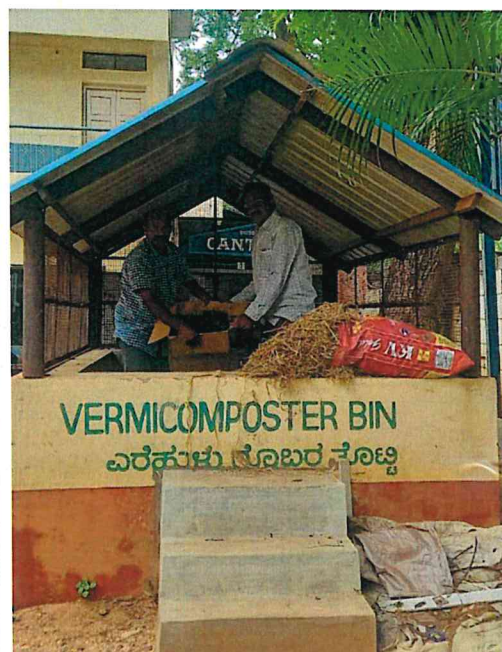

Vijayanagar College, Hosapete

(Affiliated to Vijayanagar Sri Krishnadevaraya University, Bellary),

Accredited 'B++' Grade by NAAC

Department activities Report

Vermiculture at our Campus

We all know the value of environment while there is an alarm increase in the rate of disruption of environment. We know the importance of **Soil fertility**, main and most harmful factor causing **Reduction of the soil fertility** is use of **Chemical fertilizers**. We can replace those harmful chemical fertilizers by **biological – ecofriendly – natural – most efficient** fertilizer gifted by nature i.e., **Vermicompost**. We have set up Vermiculture bin in our college campus to educate students regarding importance of natural fertilizer, role of earthworm as farmers best friend, individual responsibility to save mother earth.
